

Information for MTP Professors & Moderators

- Please come to the designated table in the Annex Hall at least 10 minutes prior to your session. As there will be no announcement or cue, Moderators should proceed to start the session promptly at the appointed time.

MTP Guidelines

- Moderators and Professors are free to decide how to progress their session, however please proactively involve everyone, including junior attendees, in an active discussion.
- The MTP and Poster Sessions will be held in the same venue, the Annex Hall. In case an attendee is presenting a poster, please facilitate the MTP discussion while moving freely back and forth between the poster area and MTP table.
- Projectors, screens and microphones will not be available at the MTP venue.
- There is no restriction on distributing paper documents.
- In principle, attendees who have registered in advance for the MTP will sit at the table, but standees will also be permitted for some sessions, as the registrants exceed the prescribed number.
- Please take a flexible approach and discuss questions from these standees around your table as well.
- Self-service continental breakfast will be set up in the middle of the MTP area, so please help yourselves as you wish.
